## Jews Make Last Ditch Stand For Jerusalem

### Arabs Shell Mounts Zion And Scopus

Cairo, May 21—(AP)—Arab legionnaires tonight hemmed in Jewish troops fighting a last ditch battle in a 10-acre area of Jerusalem's old walled city and turned their howitzers on Jewish positions outside the walls.

In a determined bid to crush Jewish resistance in Jerusalem, the British-trained legionnaires from Trans-Jordan shelled Jewish lines on Mount Scopus and Mount Zion, an Associated Press dispatch from the battle area said.

The 400 Jewish troops on Mount Scopus were given this choice—surrender or be destroyed. They had entrenched near the American-financed Hadassah hospital and the Hebrew university.

Ask Surrender

A communique from Amman, capital of Trans-Jordan, said the shelling silenced the Jewish posts in both the university and hospital areas and the Jews asked to surrender to the International Red Cross.

Arab shells rocked Mount Zion in the vicinity of the Dormition church, reputed scene of the Virgin Mary's death, and Crusader hall where the last supper was believed held.

From the church and hall, within a few yards of the old city's Zion gate, the Jews again last night launched a vain attempt to fire the besieged Jewish garrison inside the 400-year-old walls.

A Jewish concentration in Montefiore on the opposite side of a gorge from Mount Zion also was shelled. Artillery jars city.

Arab artillery fired at Jerusalem in the fourth day of the battle for the walled city, dispatches said.

Although opposed by Arab troops from the front and rear, the Jews were putting up a determined fight from positions dug in shell-battered buildings along the west side of the old city's Jewish quarter.

The anchor of the Jewish line was the Beit Yaakov synagogue. Troops dug in there were making a stand where Jews have worshipped for 700 years and two earlier temples have been destroyed.

The Jews fell back to that position after the Tiferet synagogue to the east, Jerusalem's tallest structure, was entered by the Arab legion yesterday.

Arab demolition sounds blasted away one wall of Tiferet synagogue today in an effort to toll Jewish snipers who still clung to the domed roof and subterranean chambers even though the ground floor was in the hands of the legionnaires.

## Resume Work At Rath Packing Plant After Riot

Waterloo, Iowa, May 21—(AP)—While national guardsmen stood by, limited production was resumed today at the Rath Packing plant which shut down after a Wednesday night riot in which a picket was killed.

Non-striking workers returned to their jobs without incident. Hogs were unloaded into killing pens while jeeps and armored cars patrolled the plant area.

The CIO Packinghouse Union local, whose 4,500 members went on strike against the independent firm in a wage dispute March 16, said they would attend the funeral of William J. Farrell en masse tomorrow.

Farrell was slain in the picket line incident which touched off two hours of uncontrolled rioting outside the plant.

Meantime a secret arraignment of Fred Lee Roberts, a non-striking Rath worker charged with murder in Farrell's death, was held in Municipal Court here. Roberts waived to the grand jury. He immediately was returned to jail at an undisclosed spot in lieu of \$10,000 bond.

County Attorney Blair Wood said no grand jury would be convened to consider the 55-year-old Negro's case until after the Rath strike is settled.

## How They Voted

Washington, May 21—(AP)—Here is how the Senate upheld President Truman's veto of a bill which would have permitted Senators to call on the FBI to investigate key atomic energy appointees:

Illinois—Brooks (R) for overriding; Lucas (D) against.

Indiana—Capehart (R) for; Jenner (R) paired for.

Wisconsin—Wiley (R) paired for; McCarthy (R) not paired but announced as for overriding.

Iowa—Hickenlooper (R) and Wilson (R) for.

## U.S. Official Resigns, Daughter Has Soviet Job

Washington, May 21—(AP)—A 22-year-old daughter because she took a job with a communist news agency, resigned a high government post today to spare his boss embarrassment.

"My daughter, though a girl of high ideals, is only 22 and in my judgment is simply being exploited," said John C. Virden, head of the office of industry cooperation in the Commerce Department.

The daughter, Euphemia Kirkpatrick Virden, is a telegraphist at the Washington office of Russia's Tass news agency. Her employment had been exposed by Rep. Crawford (R-Mich.) with a request that Secretary of Commerce Sawyer ask Virden to quit.

Sawyer refused to do so, but Virden insisted that he leave at once his job with the public service, and the daughter, who has decided to associate herself with a communist cause, will leave to stay abroad.

"To me the answer is clear—he is Sawyer released a letter from no way disqualified."

## Agree On Government For Western Germany

London, May 21—(AP)—The United States, Great Britain, France and the Benelux countries have reached a hard-and-fast agreement on creation of a provisional government for western Germany this year, responsible diplomatic sources reported tonight.

The sources reported only technical details stand in the way of a formal communication which now is expected early next week.

There are still some details to be ironed out on just what procedure will be taken to establish the German government.

However, it was reported that a tentative decision had been reached by the six countries to call a constituent assembly about September 1, which would be granted powers to draft a constitution for western Germany.

The occupying powers—the United States, Britain and France—would retain chief veto authority over affairs concerning export, trade, currency and foreign policy.

British foreign minister Ernest Bevin yesterday told the country's ruling labor party at its annual conference that the three major western powers now are working out a system for German currency reform.

He said this was considered essential to putting the area back on its feet economically.

Benelux countries which participated in the discussions on Germany are Belgium, the Netherlands and Luxembourg.

## NLRB Union Shop Elections Refused In 13 States

Washington, May 21—(AP)—Union shop elections will not be held by the National Labor Relations board in 13 states which prohibit or restrict such agreements, the board ruled today. It cited the Taft-Hartley law as the reason.

Those states are Arizona, Arkansas, Florida, Georgia, Iowa, Maine, Nebraska, North Carolina, North Dakota, South Dakota, Tennessee, Texas and Wisconsin.

The administrative order making the ruling was based on a majority opinion of three of the five board members.

At first the board said 19 states would be affected, but later changed the number to 13, eliminating Colorado, Delaware, Kansas, Massachusetts, New Hampshire and Wisconsin.

It explained that there are certain state restrictions on the union shop in those six states but that the elections could be held nevertheless.

A union shop is an arrangement under which the management may hire anyone it chooses, but the employee must join the union after his employment.

The Taft-Hartley law sanctions such agreements provided that a majority of the workers vote for the union shop in an election conducted by the NLRB.

The law outlaws the "closed shop," however. Under the closed shop, anybody who is hired must already belong to the union.

The board's ruling was regarded as an important interpretation of the law which went into effect last year over President Truman's veto.

It means that where there is a conflict between state laws and the permissive shop section of the Taft-Hartley act, NLRB will recognize the state laws and not hold the election.

PLEADED GUILTY  
Noblesville, Ind., May 21—(AP)—Homer Blair Dillman, 70-year-old Salem, Ill., man accused of shooting through light anti-aircraft fire over a northern district of the city. For the past six days Tel Aviv has been under an air raid or an alert a third of the time.

The Jewish air strikes were made last night. Fires were set in Gaza, which Egyptian troops have occupied, and an attack was made on Arab troop concentrations near Shu-fat, a northern suburb of Jerusalem, the announcement said.

## Record Turnout Marks Republican Primary In Oregon

BULLETIN  
Portland, Ore., May 21—(AP)—Primary returns from 44 of Oregon's 1861 precincts tonight gave Gov. Thomas E. Dewey 116,1 Harold E. Stassen 1250. This included 24 precincts from Multnomah county (Portland), which gave Dewey 927 and Stassen 533.

Portland, Ore., May 21—(AP)—Spurred by the Republican presidential contest between Governor Thomas E. Dewey and Harold E. Stassen, voters turned out in record numbers today for Oregon's primary election.

Overcast but generally favorable weather brought predictions of a record vote in the wake of the state's biggest political spree in history.

Early reports showed uniformly heavy voting in almost all parts of the state. As high as 15 per cent of the registered Republicans had cast ballots in the first two and a half hours after opening at 8 a.m.

James Gleason, Multnomah county (Portland) election registrar, assessed it as likely to be the heaviest vote in the county's history. He forecast full: 75 per cent of eligible Republicans and 65 per cent of the Democrats would mark ballots before poll closing at 8 p.m. (10 p.m. CST).

Pre-election surveys pointed to Stassen as a likely source of strength for Gov. Dewey, with Stassen running ahead up state in non-metropolitan areas.

Both contenders for Oregon's Republican presidential preference wound up their campaigning campaigns in Portland last night, and today departed before the vote was tallied.

## Truman To Ask Broadened Social Security Program

Washington, May 21—(AP)—President Truman decided today to ask Congress to broaden the benefits of the 11-year-old social security program.

Whether Congress will act, busy as it is with other matters, is highly uncertain. Mr. Truman's decision was announced at the White House by Senator Barkley of Kentucky, Senate Democratic leader.

Aided whether there is any chance for Congressional action, Barkley replied: "The President hopes so."

The message is due in a few days. It will be the second special message in recent days on an important issue this political campaign year.

Mr. Truman asked a week ago for a long-range farm program to benefit farmers and to use surpluses for feeding the poor.

Presumably, Mr. Truman will ask, as he has before, for extension of federal social security for millions not covered. Higher rates of benefits are also a likely request.

On February 16, the annual report of the social security board offered recommendations Mr. Truman is expected to follow up. The board recommended making the self-employed, including farmers and small businessmen, domestic workers, farm hands and others eligible for old age pensions. It asked extension, too, to federal workers, members of the armed forces and railroad workers not now covered by their own pension systems.

It also proposed a jump in the maximum retirement payment, from \$85 to \$120 a month. To offset this, the social security tax would apply to the first \$4,800 of annual earnings instead of the first \$3,000.

## Henry F. Grady Named New U.S. Envoy To Greece

Washington, May 21—(AP)—President Truman today named Henry F. Grady, now ambassador to India, to be the new United States ambassador to Greece.

As envoy to Greece, Grady will have a double-barreled assignment. He will be responsible for the usual diplomatic duties of an ambassador, and also for the direction of American economic and military air activities in Greece.

He thus is expected to take over about July 1 the combined functions of former ambassador MacVeagh and of Dwight Griswold, American administrator in Greece. Griswold is scheduled to leave the latter post in the next month or so.

Grady is a former assistant secretary of state and a veteran of many economic and diplomatic missions abroad. He became ambassador to India last June. He is now in New Delhi. He has been slated to be the U.S. representative at a meeting of the U.N. economic commission for Asia and the Far East and Oceania, India, next month.

## SANTA FE OFFICIAL DIES

Chicago, May 21—(AP)—Thomas B. Gallaher, 62, general passenger traffic manager of the Santa Fe railroad, died today in his office while leaving a conference on passenger service. Cause of death was not immediately known.

## ENVOY RESIGNS

Washington, May 21—(AP)—S. Pinkney Tuck resigned today as ambassador to Egypt.

## Union Ends Meat Strike Except At Wilson Plants

### Truman Signs 70-Group Air Force Bill

Washington, May 21—(AP)—President Truman signed the 70-group air force bill into law today but served notice that he may not approve spending of the full \$3,198,100,000 voted by Congress for aviation.

Mr. Truman's statement reopened a controversy which began when his administration recommended keeping the present 55-group Air Force, but strengthening it. Congress, by overwhelming vote in each house, upped the nation's future air strength to 70 groups.

"The Congress has seen fit," the President said, "to provide \$322,000,000 beyond the amount which I considered necessary in submitting my request for the acceleration of the 'air' program."

"Provision has been made, however, that the funds shall not be spent without a finding by the President that the 'contracts let' and that the procurement results in the maximum utilization of improvements in aircraft and equipment consistent with the defense needs of the U.S."

"To assist me in discharging this responsibility, I have asked the secretary of defense and the director of the bureau of budget to formulate and recommend appropriate procedures."

The officials Mr. Truman named are Secretary of Defense Forrestal and budget director James Webb. Reeling that he has promised to review the entire military program next September and again in December, the President added:

"Our national security requires that the total national defense program be based on a strong economic system and depend on a level of expenditures which can be supported in subsequent years. It is therefore my intention to carry out the provisions of the present act with this in mind."

## President Seeks To Admit Alaska Into United States

Washington, May 21—(AP)—President Truman today sent to Congress a five-point program for the development of Alaska with a request that it be admitted to statehood "at the earliest possible date."

Asserting that Alaska has had territorial government for more than 35 years, Mr. Truman said that it has had a "sufficient period of preparation for its admission as a state."

The program, in addition to asking for congressional action on statehood, calls for:

1. Improving the transportation system.
2. Construction of housing and community facilities.
3. Lands for natives.
4. Encouragement of land settlement.

The President asserted it is in the interest of the United States to assist in developing Alaska's known resources of food, timber and minerals and "to help open economic opportunities on a sound long-term basis."

He said his recommendations would contribute to that program for a territory of 94,000 miles and with a population still growing. He urged Congress to enact legislation providing for statehood, noting that the House committee on public lands "has unanimously recommended such legislation."

## Jewish President To Visit Truman

Washington, May 21—(AP)—Dr. Chaim Weizmann, president of the new Jewish state of Israel, is coming to Washington Monday as the guest of the United States government.

The White House announced plans for the visit today.

Weizmann is now in New York. The White House said he will come here, at President Truman's invitation, to talk with the president about Palestine matters.

Weizmann will spend Monday night at the Blair House, an official residence for distinguished guests of the government. He is to see Mr. Truman on Tuesday at 9:30 a.m.

## BONUS CHECKS

Chicago, May 21—(AP)—Thirty-two hundred Illinois bonus checks were mailed to World War Two veterans yesterday. The value of the payments totaled \$1,188,383. To date the state has distributed \$184,805,236 in bonuses to 247,739 downstate veterans and 235,039 in Cook county.

## DEWEY SUPPORTER

Spokane, Wash., May 21—(AP)—An old man approached him on the Capitol steps at Salem, Ore. Gov. Thomas E. Dewey said today, with this greeting:

"Hello, Dewey. I'm glad to see you. I've been waiting Dewey for president ever since he kicked them Spaniards at Manila Bay."

## Senate Upholds Truman Veto On Atomic Probes

Washington, May 21—(AP)—By a four-vote margin, the Senate today upheld President Truman's veto of a bill which would have let key senators order FBI probes of persons nominated to the Atomic Energy Commission.

Voting to override the veto were 47 senators, including 38 Republicans and nine southern Democrats. Against overriding were 29 legislators, including 20 Democrats and nine Republicans.

The bill would have affected only the five atomic commission members and the commission's general manager, the only commission jobs subject to Senate confirmation. It provided that when a majority of nine senators on the Senate-House Atomic Energy Committee asked for it, they could get a check on an appointee by the Dakota and Morse of Oregon. A two-thirds vote, or 51, was needed to override.

The bill was passed by the Senate April 12 by voice vote and by the House by unanimous consent May 3, when called up. (Vetoes of minor bills are frequently allowed to stand without putting the issue to a vote.)

## Gromyko Demands U.N. Action On Palestine

Lake Success, May 21—(AP)—Andrei A. Gromyko demanded today that the United Nations stop the Arab-Jewish war in Palestine without further ado.

The Soviet deputy foreign minister spoke after the 11-nation Security Council heard a blunt report from its consultative commission in Jerusalem that a strong U.N. neutral force is the only way to stop the fighting.

Gromyko said the council must accept an American proposal for strong action.

Study Czech Case  
But the council turned briefly in the afternoon to the Czechoslovak communist case without any indication when a decision would come.

The Security Council argued for two hours in an attempt to avoid a Russian veto of a proposal to set up a commission to hear evidence in the Czechoslovak case. Finally it adjourned without a decision and may take up the case again Monday or Tuesday.

The council will meet tomorrow on Palestine.

Blas British Plea  
Gromyko blasted a British plea for peaceful mediation as insufficient and accused Britain of quibbling.

He charged that Britain is giving open aid to King Abdullah of Trans-Jordan, who was described by Gromyko as a modern Middle East Caesar supported by Britain.

Paris El Khoury, Syria, told the council that the American resolution as it now stands would not be accepted by the Arabs.

Gromyko was critical of all attempts at mediation. He said events have shown that consular commission is important and that there are no guarantees that one man could succeed where they failed.

## Police Captain Shot To Death: Waitress Held

Newark, N.J., May 21—(AP)—A police captain was shot to death today with his service revolver behind the closed doors of his private office and 12 hours later a 39-year-old red-haired waitress was charged with his slaying.

The woman, Mrs. Ann Seamons Powers, had been under constant questioning by police all day. Essex county prosecutor Diane E. Minard announced her arrest on a murder charge.

Earlier, police chief John Haller said Mrs. Powers, a resident of Bloomfield, N.J., had admitted being alone with Veteran Police Capt. Thomas J. "Tim" Powe, 56, in the offices of the precinct he commanded.

She had insisted, however, that she knew nothing of the shooting and contended that during a discussion with Rowe her mind went blank, Haller said.

Mrs. Powers, who formerly lived in Uniontown, Pa., is separated from her husband.

Rowe was married and a father. He had been on the force for 33 years and had been cited many times for good police work.

Mrs. Powers was seized in Rowe's outer office by a police lieutenant who came running at the sound of the shot about 4 a.m., the chief said.

A detective who went to Rowe's assistance said the captain gasped, "She got me. Get me to a doctor."

He died an hour and a half later.

DEWEY SUPPORTER  
Spokane, Wash., May 21—(AP)—An old man approached him on the Capitol steps at Salem, Ore. Gov. Thomas E. Dewey said today, with this greeting:

"Hello, Dewey. I'm glad to see you. I've been waiting Dewey for president ever since he kicked them Spaniards at Manila Bay."

## Packers Vote To End Long Work Tieup

Chicago, May 21—(AP)—The 67 day nationwide CIO Meat Handlers strike—marked by occasional rioting and bloodshed and mobilization of national guard troops in two states—was called off today against all of the meat packing industry except Wilson and Co.

The strike was ended on company terms.

The United Packinghouse Workers Union called off the work stoppage after the workers voted in favor of a back to work movement at Swift, Armour and Cudahy plants. Nearly 100,000 were on strike.

Union officials said the strike would continue in seven Wilson and Company plants normally employing about 8,000 workers this time of year.

The union said the strike also would be ended against Morrell and other smaller struck packers. Back to work arrangements with these packers are being made elsewhere, a union spokesman said.

## Eisenhower Says He Won't Support Any Candidate

Chicago, May 21—(AP)—General Dwight Eisenhower said today he did not intend to support any presidential candidate.

"I certainly have no intention of opening my mouth about any presidential candidate," he replied to a reporter's query at a news conference.

He opened the conference with this:

"I don't know why I'm news. I answered the \$64 question last January."

At that time, the five star general removed himself from consideration as a presidential candidate.

The general, soon to take over as president of Columbia university, said he preferred to be "known as just an American citizen."

He added that he felt that his reputation derived from the efforts of the 3,000,000 soldiers under his command in the European war and not from anything he had done personally.

Questioned further about politics, Eisenhower said:

"I hope to be able to learn enough about the procedure of citizenship to be able to go into the ballot box and cast my vote in an intelligent way."

He said he had never voted.

"They tell me I voted once in 1918 by postcard but I don't remember it."

## Two Grade School Aviators Take 120 Mile Jaunt

Oklahoma City, May 21—(AP)—Two youngsters who piloted a stolen airplane 120 miles on knowledge gleaned from comic books puzzled authorities tonight.

"We are thinking over ways to handle the boys," said Chief Oklahoma county Juvenile Officer John Zwick. "But we haven't arrived at a definite decision."

The plane taken by the boys from a downtown airport here is a two place Brounce with simplified controls.

Flying it to Cheyenne, Okla., 120 miles from here, "was easy," State Highway Patrolman Arch Hamilton said the boys informed him.

"They had looked at some comic books that told all about it," he continued. "They thought we were silly not to know how."

Hamilton said the boys, Jimmy Bodard, 11, and Robert Ronald Peterson, 12, made a perfect landing at Cheyenne.

Then the two lads caught a horse and rode it to the outskirts of Cheyenne. They said at first they had hitchhiked.

However, after the parents had returned them to Oklahoma City, the Brounce was found abandoned in a field near Cheyenne.

Trooper Hamilton and Sgt. Ott Hamilton went to work on the case and traced the plane to the airport, where the youngsters had spent two days and then to the boys. "When we put it to them," Hamilton concluded, "they broke down and told us all about it."

WEATHER  
The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported official temperatures for Friday as: low, 58; high, 85; and at 6 p.m. 77.

Illinois—Fair today, somewhat cooler.

## The Return of "Jesse James"

Bob Ford committed a terrible mistake back in 1882 at St. Joe, Mo., when he fired a bullet into the head of a pal who was engaged in the peaceful chore of hanging a picture, if we are to accept as true the claims just set forth by the Lawton Constitution, published at Lawton, Okla. The Constitution in a five column spread proclaimed to the world that Jesse James is still alive. The man they contend is the one and only Jesse James rounded out 100 years—he will be 101 next September—but that makes little difference. The Oklahoma newspaper asserts the man Ford knocked off the chair with a well-placed shot was Charlie Bigelow, that he wasn't Jesse James at all, and that Jesse sneaked back and sang at his own funeral.

We congratulate The Lawton Constitution, its staff of capable reporters and editors, for digging up an intriguing story, one that has been disinterred many times before, and always makes fascinating reading. We exonerate the linotype operators and pressman of the Constitution, and the Associated Press for picking up the latest Jesse James story and dispensing it to its clients, of which the Journal Courier is one. In our book Jesse James, the terror of country banks, the scourge of express messengers, the riding companion of the Younger brothers, died as he toppled from the chair in 1882, and remains dead!

There was no doubt in the minds of Missouri peace officers that Jesse James was shot and killed. No question of his identity was raised by hundreds of Missourians at that time, people who had known him. Officials were convinced so completely that the bandit was out of circulation that they paid a sizeable reward for his annihilation. Jesse's demise was dramatized by a popular song hit of that era, a refrain that referred to "the dirty little coward that shot Mr. Howard, and put poor Jesse in his grave." (Howard was an alias Jesse happened to be using at that time). Hundreds of thousands of persons who warbled the tune never dreamed that 66 years later society would be informed that Bob Ford didn't kill Jesse James, at all, and that the bones that lie buried at Kearney, Mo., are not those of the bandit, but a duplicate.

The man who claims to be Jesse James is admittedly past 100 years old. No doubt he is white-haired or bald, and has lived out most of his useful life. But the crime of murder does not fall under the statute of limitation. How about digging back into the dim past and resurrecting some of the charges that might be pressed against the old man, if he persists in the assertion that he is Jesse?

On Dec. 7, 1869, three bandits held up the Daviess County Savings bank at Gallatin, Mo. Writing of the robbery, J. W. Buell, a reporter for a Kansas City newspaper, said "After rifling the safe, there was a whispered consultation, and the next moment Jesse James turned and shot Capt. John W. Sheets, dead."

Want to own up, Jesse? Just sign this jury waiver! Jesse James was accused of more than a score of bank and train robberies in Missouri, Iowa, Arkansas and Kentucky. In some of these there were killings. According to old records of the Pinkertons and other law agencies, Jesse was suspected of a number of these homicides. He had a reputation as a cold-blooded killer. When the James boys, Younger brothers et al., held up the First National bank in Northfield, Minn., on Sept. 7, 1876, a lot of shooting took place. A Norwegian named Nicholas Gustavson, who didn't understand English any too well, was shot down on the street when he didn't comply with a command. Jesse James was believed to be with the gang at Northfield. The old gentleman now presented by the Oklahoma newspaper as the century's most glaring mistake might be questioned about that crime committed in another century. Would a few indictments change his story?

The man they call Jesse might also be asked why he and his brother Frank high-tailed it out of Minnesota without waiting for Cole, Bob and Jim Younger, who were left to fight it out with a posse. Newspaper writers of that period said the Jameses and Youngers had a falling out, so bitter that Cole Younger threatened to kill Jesse James. The real Jesse James was always afraid of Cole Younger, a fearless leader of desperadoes, a deadly shot with a revolver or carbine.

Cole Younger can't be called upon to vouch for the identity of the newly discovered Jesse James. The old guerrilla, who turned to banditry after the Civil war, died some years ago and is buried at Lee Summit, Mo. Gone also are George and Ol Sheppard and others who might refute or substantiate the claims of the 100 year old man.

Doubts cloud the demise of many men, both good and evil, who moved across the pages of history. Some contend John Wilkes Booth wasn't killed in the barn, at all, after he assassinated Lincoln. A dozen or more Hitlers will pop up over the world during the next 20 or 25 years. But the new Jesse James went them one better—he waited well over a half century to admit his identity.

If he is the real Jesse James, and we don't believe he is, he will bear watching. Those hills and caves along the Sny will be calling, and some morning the old gentleman will drop from sight to go back to the haunts from which he operated during those stirring times in the Seventies and early Eighties. Where's his horse? No, the Lawton Constitution didn't say whether he's still alive.

## Two Men Suffer

### Stab Wounds In Street Battle

Two Jacksonville men sustained facial and body wounds in what police described as a knife battle late Thursday night near the corner of West Lafayette avenue and North West street. Neither is believed to be in serious condition.

Responding to a call that a fight was in progress at the intersection, Chief Kiloran, Capt. Flynn and Patrolman Runkel hurried to the scene. Willie Jackson and R. B. Lewis, the two combatants, were taken into custody.

Jackson, suffering from a stab wound on his left side below the ribs, was taken by Lt. Howard Stout to Our Saviour's hospital where medical attention was given. Jackson also was found to have a wound on the right side just below the collar bone.

Lewis was treated by Dr. T. O. Hardesty at the police station for a long slash on the left side of his face. Jackson was taken back to the police station after hospital treatment.

Jackson and Lewis were released Friday after payment of \$14 cash bail each.

## Boyle's Column

### If Jesse James Is Alive, Why Can't We Find Elmer

By Hal Boyle  
New York—(AP)—What kind of a figure did the face on the barroom floor have?

Who really put pussy in the well? Who mowed down cock robin and why? Where's Elmer?

These are celebrated mysteries still left unsolved by the reported discovery of Jesse James alive and well in Oklahoma at the age of 100—and drawing more interest than he ever got from a bank.

It is a dull year indeed when somebody doesn't revive the famous Missouri outlaw, and it is only recently that doubles for John Wilkes Booth, the man who shot Lincoln, quit reappearing. Booth would be 110 years old now.

The time is ripe for congress to set up a permanent commission to investigate all the popular puzzles that rise again and again to worry a peaceful people.

Let's Find Out:  
Let's get rid of these uncertainties. Where is Elmer indeed? Did the face on the barroom floor have piano legs? Why do we have to go on wondering what became of Sally?

Who really did pay the rent for Mrs. Rip Van Winkle while her husband was grabbing his long shut-eye? Let's don't just ask about why the chicken crossed the road. Let's find out.

There are enough of these unsolved, vexing riddles to keep a congressional investigating committee busy forever. An ideal counsel for the committee would be Jim Moran, the first man in history to sit on an ostrich egg and hatch it single-handed by the warmth of his own personality. Moran boasts he also is the first man to sell an icebox to an Eskimo.

Let's put him in charge of the committee's "lost and found" department and send him off in Rudyard Kipling's phantom rickshaw to get the real lowdown on what happened to Charley Ross, the kidnapped Philadelphia boy. He could also take sidetraps, expenses paid, looking for Ambrose Bierce. Justice Joseph Force Crater, Adolph Hitler, and the cigar store Indian.

Plenty More Problems  
That still leaves plenty of problems for the committee members themselves.

Why has the fiend who put the overalls in Mrs. Murphy's chowder never been brought to justice? His capture might swing the Irish vote in an election year.

Can't congress find out after all these years who broke the lock on the hen house door? What about the lost Atlantis, the lost chord and the lost weekend? Can the FBI say for certain they weren't stolen? Can't it do anything about getting them back?

All these questions congress has avoided for years. But I can save the committee the trouble of exploring one moony problem—what happened to vaudeville.

Take a look at your television set. There's vaudeville. Maybe Elmer will show up on the screen next.

## Typhoid Fever Cases In City; Inoculation Urged

By DR. F. E. McCORD  
Morgan County Health Officer  
On January 22, 1948 a case of typhoid fever was reported to this office. A girl 14 years of age was taken sick on January 1st. This girl was living in a home with a man who was known as a chronic typhoid carrier. This carrier has been known as such for over 20 years.

There were in this family the mother and three other children, ages 7 to 12 years. The water supply was from a well (contaminated). The sewage disposal was an outside privy—the vault was full and overflowing. Flies and rodents were plentiful. The back yard was cluttered with tin cans and other rubbish. Everything was favorable to the propagation of typhoid and other bacteria.

The mother, an employee of the State hospital, was inoculated against typhoid in 1942. No other member of the family had received this protection.

On May 3d a second case of typhoid fever, in a home less than two blocks from the first, was reported. This case, a boy 8 years of age, was taken sick April 28d. In this home there were the father, mother and two other children. One of the other children in this family developed the disease May 4th.

This family was using water from a well (contaminated). The sewage disposal was an outside privy (not too well protected). The yard condition was good.

There were 7 cases of typhoid fever in Morgan county residents during the past five years. Of these 7 cases, 6 occurred in Jacksonville. The 6 cases in Jacksonville were in homes without sewer or city water connection. The present cases are on a street without sewer or city water; the other late case was on a street with both sewer and water but the home was not connected.

In Jacksonville a street three blocks long has neither water or sewer. There are 26 houses in these 3 blocks, occupied by 103 people. All are using outside toilets with the exception of 3 who are connected with the sewer on another street. One has a septic tank. All are using well water with the exception of 3. With few exceptions the privies are poorly constructed and are in need of care. Most of them are open to flies and rodents. The wells are

poorly constructed and are open to contamination.

As Typhoid Fever is contracted by eating or drinking the refuse from a person who has the disease, or is a carrier, and as flies or other insects may carry the disease for some distance, those with city water and sewer connection are endangered by this neighborhood. A sewer line and a water line should be laid on this street.

All food stuffs should be so stored in the home, as well as the store, that they are free from possible contamination by insects and rodents.

All persons in this territory and similar territory should have Typhoid inoculation. Be inoculated until this unsanitary condition or conditions have been removed.

## Ruby Matthews, Ray McKinley Wed

Miss Ruby Matthews, daughter of Mr. and Mrs. R. K. Matthews, 215 West Morgan street, became the bride of Ray McKinley, son of Mr. and Mrs. Vernon McKinley of Chapin, in a double-ring wedding ceremony performed May 19 by the Rev. William J. Boston at his home on North Church street.

Mr. and Mrs. Howard Spradlin of this city were the attendants. The bride is a member of the 1948 graduating class at Jacksonville high school and is employed by the Fox-Ilinois theatre.

Mr. McKinley served in the armed forces for 27 months, 16 of which were spent overseas with the 6888 central Postal directory.

## YOUR TELEPHONE SERVICE IS DEPENDENT UPON ADEQUATE INCOME

The greatly increased cost of providing telephone service has made it necessary for this company to file an application with the Illinois Commerce Commission for an adjustment in local telephone rates. Although the proposed filing does not materially change the rates of many telephone subscribers in the Jacksonville Exchange area, we want you to know what we have done.

### GENERAL RATE STRUCTURE NEEDS REVISIONS

Your Telephone Company operates 42 exchanges in the State of Illinois. The present Company is a result of the consolidation of four telephone companies, some of whose rate structures were established over 20 years ago. However, since the Jacksonville telephone rates were reviewed and revised in 1943, only a limited number of subscribers are involved. The adjustments in these cases are to equalize rates on a state-wide basis.

### RATES FOR SUPPLEMENTAL ITEMS OF TELEPHONE SERVICE INVOLVED

No changes are involved for Jacksonville individual line business, party line business and 4-party line residence telephone service. Rates on rural telephone service have been increased, and a new classification of 8-party rural common battery service has been introduced. Individual residence and 2-party residence service rates have been reduced slightly. Supplemental items of telephone service, such as extensions, switchboards, monophones (hand sets), have been adjusted on a state-wide basis. A number of these items are increased, a number remain at the same rate, and some have been discontinued.

### GOOD TELEPHONE SERVICE IS OUR AIM

Telephone requirements during the war and in the period following, have greatly increased the demand for service. Operating restrictions and shortages have made the task of meeting this demand more difficult. Many customers are still on the "waiting list." Considerable progress has been made, but much work remains to be done.

In the past two years, we have spent over \$1,600,000 on plant additions. In the next two and one-half years, we will spend \$2,000,000 more. All this work must be done in the face of greatly increased costs in both labor and materials.

### OPERATING PROBLEMS DURING THE PERIOD OF INCREASING COST

Every effort is being made to operate economically, and at the same time to meet the service requirements of our subscribers. We are taking in more money now, but expenses have gone up much more than revenues. Since 1940, our labor cost, which represents about 61 1-2 per cent of our expenses, has gone up 122 per cent. The cost of almost everything necessary to provide telephone service is much higher. We are doing our best to render good telephone service at an economical rate.

A copy of the proposed changes in schedules may be inspected by any interested party at any business office of the Company. All parties interested in this matter may obtain information with respect thereto either directly from the Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

## Circus Coming To Jacksonville Has Own Chaplain

Rev. Doc Waddell, 65 year old minister of the gospel, will accompany Mills Brothers circus when it comes to Jacksonville next Friday, May 28, for two performances. Waddell is said to be the only circus minister in this country, traveling all season with the Mills Brothers circus, which never shows in any town on Sunday.

The circus will play in this city under auspices of the Jacksonville police department for benefit of its pension fund.

REV. DOC WADDELL

Rev. Doc Waddell was born and reared in circus life. His parents were performers, and he was brought up under the big top. Every Sunday he conducts Sunday School for more than 20 sons and daughters of performers who travel with the show. He is an ordained Methodist minister and has been a circus chaplain for more than 30 years.

Sometimes the circus minister preaches in churches and often speaks before service clubs. He is expected to give at least one talk while in this city.

## Body Of Soldier Enroute Home To Winchester

Winchester—The remains of Pfc. James E. Quinn who was killed in France during World War II, are scheduled to arrive in Winchester next Tuesday, May 25. They will be taken to the Cunningham Funeral Home. Arrangements for services and burial will be announced later. Pfc. Quinn was born Sept. 15, 1915, in Winchester, the son of Mrs. Edith Quinn and the late Michael Quinn.

PFC. JAMES E. QUINN

He entered service in August, 1943 and went overseas in January of 1944. He was wounded in the battle of Cassino in February 1944. Upon recovery he returned to the battle field and fought in the battle of Rome. Later he was transferred to the Southern France invasion.

A member of the 30th Infantry he was killed near a little town of Belmont, France on September 17, 1944 and was buried in the United States military cemetery at San Juan, France. Word was received of his death October 11, 1944.

Survivors are his mother, Mrs. Edith Quinn, Winchester; wife, Mrs. Neoma Quinn, Winchester; three sisters, Mrs. Mary Hale Cannon; Mrs. Kathryn Palmer and Mrs. Tina Coats, Peoria; three brothers, Leo, Peoria; Carl, Saginaw, Mich. and John of Creve Coeur. His father passed away October 11, 1945.

## WOULD UP LICENSES

Decatur, Ill., May 21.—A proposal to boost liquor licenses here was taken under advisement yesterday by the Decatur city council. The plan, to raise \$10,500 additional revenue, provides for a brew of from \$500 to \$600 in licenses for 75 taverns and package stores and the \$100 licenses of six night clubs.

## Built Fortune

John D. Rockefeller earned \$50 in three months in his first job as assistant bookkeeper in a commission house, according to the Encyclopedia Britannica. When he retired, his fortune was estimated at about \$1,000,000,000.

## Bosox Belt Cleveland With 18-Hit Barrage

Cleveland, May 21.—(P)—The long-silent bats of the Boston Red Sox boomed out Friday in an 18-hit barrage and swamped the league-leading Cleveland Indians, 11 to 5.

Paced by Ted Williams' eighth home run, a tremendous clutch hit to the upper deck in right field, the Sox erased an early Cleveland lead and turned the game into a rout.

Rookie southpaw Bill Kennedy started for the Indians but was belted out in the second when the Sox tied the score at two-all. Al Gettel, his replacement, fared little better and he left the mound in the fourth when Boston tallied three times. Steve Gromek and Ed Killeman finished for the Indians.

Williams had a perfect day at the plate, collecting four hits and two walks in six trips. Larry Doby clouted a homer for the Indians in the seventh with Thurman Tucker on base.

Joe Dobson went the route for Boston and although he allowed 12 hits he managed to keep the Indians fairly well in check.

The win was Boston's first of the season over Cleveland in five games and also snapped a four-game Cleveland winning streak.

## VFW and Elks Win Combats At Softball Park

The VFW downed the New Method book bindery 15-8 and the Elks downed Nesco 8-3 in a league practice softball game at Nichols Park diamond Friday night.

The Elks got off to an early lead and stayed on top all the way in the first game. Although the BPOE to-taled only three hits off Hamm, Nesco hurler, five errors came at the wrong time. Neuner, Elks moundsman, limited Nesco to four safeties, but also had five errors committed behind him.

Line score:  
Nesco ..... 000 201-3 4 5  
Elks ..... 210 03x-6 3 5

The VFW and New Method each got nine hits and the VFW committed nine errors to the binders. But the ex-servicemen still came out on top by a one-sided score.

Slocum, VFW hurler, showed better control than the two book bindery moundsman and that proved the difference in the result.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, May 21.—(P)—Hogs surged \$1 to \$1.50 higher in very active trading today to top at \$24.75, the highest mark since March 23. Cattle were unevenly 50 cents to firm and sheep weak to 50 cents lower.

Most good and choice barrows and gilts took \$19.75 to \$24.50 and sows \$17 to \$18.75, a few light sows getting up to \$19.

Best money in the cattle market went to low-choice steers at \$34.35, ranging downward to \$33 for average-good to choice steers and yearlings. Choice heifers topped at \$33.50, bulls at \$25.50, and vealers at \$31.

Southwestern yearling lambs received \$21 for one load grading common and medium. Otherwise ovine classes were too scarce to take a market test.

Total receipts included 1,000 hogs, 2,500 cattle, 300 calves, and 1,500 sheep.

## GRAIN MART NERVOUS; PRICE TRENDS MIXED

Chicago, May 21.—(P)—A nervous grain market with mixed price trends prevailed today as trading ended in all May contracts. While trends were often confused, the features of the mixed market were:

1. A decline in new crop corn contracts. This was based on rapid corn planting and a weather bureau forecast for continued good weather in the mid-west over the near future.

2. Relative strength in May corn and May oats, largely a result of covering by previous short sellers. At the same time, number two yellow corn sold in the spot market at a premium of only 1 cent over May, which dealers said was the smallest premium in several years.

3. A tendency for May wheat to ease while deferred contracts held firm. The easy undertone in May was based on the action of May wheat at Kansas City. New crop contracts were relatively firm because of more reports of the need for rain in the western plains.

Receipts were: wheat 12 cars, corn 123, oats 26 and soybeans 10.

Wheat closed 2 cents lower to 2 1/2 higher, May 24 1/2-2 1/4, corn was 21 lower to 2 cents higher, May 23 1/2-2 1/4, oats were 12 lower to 12 higher, May 11 1/2-1 1/4, and soybeans were 6 to 8 cents lower, May 40.00.

## New York Stock Market

New York, May 21.—(P)—Stock prices climbed back around their average high since August, 1946, in response to active demand today.

The market pushed upward right from the start, when the ticker for a short period failed to keep up with an overnight accumulation of buying orders.

After early gains for assorted liquors, oils and rails were shaded, slightly in quieter trading at mid-day, motors provided the spark for a new advance. Despite profit-taking sales, the day's improvement was fairly well maintained.

Aided by the fastest first hour—660,000 shares—since Monday, transactions for the full session ran to around 2,700,000 shares.

Holding fractions to more than a point higher were General Electric, General Motors, Chrysler, Pennsylvania railroad, Schenley, International Telephone, Sinclair Oil (which reported record production) and U. S. Rubber.

Bullish forces drew encouragement from the statement of Alfred P. Sloan Jr., chairman, at General Motors' annual meeting that he believed "earnings will be sufficient for the capital needs of the business and to justify a larger distribution to our stockholders than is our current practice."

## Maddern, Waitkus Lead Cubs To 8-3 Victory

New York, May 21.—(P)—Led by Clarence Maddern and Ed Waitkus, who drove in seven runs between them, the Chicago Cubs tripped the New York Giants, 8-3, Friday.

Maddern batted four mates across the plate on two homers and Waitkus knocked three home on a four-bagger and a triple.

Waitkus tripled home Harry Schenz with the Cubs' first run in the third inning and Maddern brought in the second with his first homer in the fourth.

The Cubs shelled starter Sheldon Jones from the mound in the fifth and sewed up the game with a six run rally that Maddern highlighted with a three-run circuit drive.

Hank Borowy started for the Cubs but left in favor of Lefty Johnny Schmitz in the fifth after the Giants banged him for two runs on four singles.

Schmitz held the Giants scoreless until the ninth when pinchhitter Les Layton homered over the left field roof. Schmitz received credit for the victory.

**Begin Qualifying For Nichols Park Open Tournament**  
Players are now shooting qualifying scores for the Nichols Park Open golf tournament, which begins June 1 over the nine-hole southside course.

In extending an invitation to all players in this vicinity to enter the meet, Don Fairfield, new park pro, announced that Monday, May 31, will be the last day for posting a qualifying score.

Several flights will be established after the scores are posted and, according to Fairfield, there will be enough flights so that all players can be matched fairly evenly.

Pairings will be drawn after the caddy house closes Monday evening and first matches will be played any time during that week.

The Nichols Park course has been pronounced in top shape by golfers who have been playing.

Fairfield has predicted a record registration for the annual meet.

**REJECT INCREASE**  
East St. Louis, Ill., May 21.—(P)—Some 900 employees of the Armour and company plant at nearby National City voted down a nine-cent hourly pay increase last night. The men have been on strike since March 16.

**Jumping The Sound**  
Official time-keepers at track meets start their watches when they see the smoke rise from the starter's gun, since light travels faster than sound and the smoke is visible before the sound of the gun's fire reaches the timers' ears.

## Trattler's Team Tackles Legion Here Tonight

Trattler's softball team of Granite City, one of the entries in last season's state tournament here, will pay a return visit to the city tonight when the Jacksonville Recreation club promotes Saturday night softball for the first time. The Trattler club will meet the strong American Legion nine, defending city champs, in a single tilt beginning at 9 p.m. (DST).

Winners of 35 games in 44 starts last season, Trattler's moved into the semi-finals of the state meet before being eliminated. Among victims of the Granite City outfit last year was the American Legion, and the Jacksonville aggregation is hot for revenge tonight.

Tonight's game will be the first such Saturday night attraction scheduled here since before the war. The Jacksonville Recreation club has always kept Saturday as an open night at Nichols Park, but booked tonight's game after numerous requests. If Saturday night ball proves popular, it is probable that a number of other outstanding attractions will be presented here on future Saturdays.

Max Legate, star pitcher of the southern team last season, won't be with the club this year as he is pitching with Racine, Wisconsin, in the National Softball League. However, Manager Harold Brown boasts three good moundsmen.

Al Mance, Howard Bischoff or Sam Whitmer will get the nod for Trattler's mound duty, while Paul Blakeman or Al Bryan will go for the host aggregation.

The American Legion team opened its season against out-of-town competition with a victory over the Fox-T shop of Springfield last Sunday night.

**Michigan Student Guilty of Contempt**  
Lansing, Mich., May 21.—(P)—James Zarichny, 21-year-old Michigan State College mathematics senior who refused to tell a state senator a committee whether he was a Communist, stood convicted of contempt today.

His sentence was suspended immediately after the senate, in secret session, found him guilty by a 20 to 7 vote.

Zarichny's case was heard at the first public trial in the history of the Michigan legislature.

## Blueboys Take Narrow 6-5 Victory Friday

Springfield (Special)—Illinois College used three double plays and a pair of home runs by third baseman Paul Stroud to advantage here Friday afternoon as the Blueboys got back on the victory trail with a narrow 6-5 decision over the Concordia nine.

The visiting college aggregation used every hit to advantage, although getting only seven safeties off the left-handed slantings of Concordia hurler Etzel.

Gregory on Hill  
Bob Gregory, moundsman for the Jacksonville college team, gave up nine hits, but scattered them fairly well until the final frame. Leading 6-3 going into the last chapter, the C. outfit permitted two runs on three hits before retiring the side on a snappy double play.

The Illinois college victory followed three successive setbacks in as many days.

The visiting nine scored first in the second on a double by Bill Gross and a single by Bob Grove plus an infield out. Stroud's homer, which opened the third, gave the visitors another run. Stroud again connected for a round tripper with no one on in the fifth. The Blueboys completed their scoring with a two-run spree in the seventh. Gregory singled to open the frame. Grant singled. Stroud was safe on a fielder's choice which erased Grant and Thomure singled to right and advanced to second when the ball got past the fielder.

**Concordia Scoring**  
The first Concordia run came in the third inning on a double and a single. Schmidt's homer gave the hosts another tally in the fifth. Two more runs resulted from an error and a single in the seventh. A walk and three straight singles gave Concordia two runs before the game-saving play in the ninth.

THE STORY: Jessica Gordon, aristocratic southern belle, has eloped with Yankee soldier Tom Blake in defiance of her father and in spite of her own qualms. Tom takes her to his home on a remote farm. Jessica's mother, Lucy, greets Jessica coolly; her mother is a practical realist. Tom can't understand Jessica's unhappiness, refuses to let her take an apartment for herself. He leaves for overseas.

**DURING** the first few weeks after Tom's departure Jessica tried to pattern her way of living after that of Tom's mother and sister. Up early. To bed early. Desperate efforts to learn to cook and clean. She burned her hands and cut her wrist. The oatmeal was lumpy and there were seeds in the orange juice. The least burned in the newspaper. The covers of her bed were never neat and even but always straggling and lopsided. She left a trail of dust behind her.

She struggled to win the approval of Tom's mother but Mrs. Blake froze her. Mrs. Blake regarded her attempts with veiled contempt and made no effort whatever to help her.

She tried to make friends with Lucy, believing that behind her primness Lucy must be like the girls she knew. She could be pretty and attractive with a little effort. Lucy disciplined herself. So much accomplished before she went to the office in the morning. Lessons at the Y in the evening.

Jessica said to her one day, "You might be 40, Lucy. Don't you ever have any fun?"  
"Of course. I love my office work, and I have the Y."  
Jessica shrugged scornfully. Why try to change Lucy?

THERE was a bungalow across the street, a little house which looked oddly out of place in the row of old-fashioned frame houses which crowded close beside it. A

Jessica went in the Cape Cod bungalow. She went off to work in the morning dressed in cheap slacks, with her head done up in a bandanna handkerchief. She came back in the late afternoon looking tired and dirty. She was happy. She sang as she went about her work. She had a service star in her window.

It was fun to watch her. In the evening she sat on the steps and hosed the scrap of front lawn. Once when Lucy and her mother went off to a church meeting Jessica slipped across the street and walked past the house, and the girl called to her, "Hello! Come in."

Jessica went in and sat down on the steps. The hose splashed and cooled the pavement, not after a sultry July day.

The girl said, "My name is Doris."  
"I'm Jessica Blake."  
"Tom's wife?" Doris stubbed out her cigarette and went off the porch and turned off the hose. She came back and stood looking down at Jessica. She said bluntly, "How are you making out?"

Jessica stiffened. It seemed outrageous to confide in this ordinary-looking girl. Yet the girl seemed to like her. Yes, Doris showed a warm and sympathetic interest and Jessica found herself pouring out all the details of her life across the street.

Doris sat down beside her and smoked and offered her a cigarette. "It must be the devil to live with that pair," she said.  
She agreed that Jessica would be happier if she had a job. "Lucy should be able to help you," she said. "She has a standing in with her boss."  
Jessica said, "She's silly about him."

Doris flashed her a glance but made no answer.  
Jessica determined to approach Lucy about a job, but when she did Lucy did not encourage the

idea. "There's plenty to do here," she said pointedly.  
"Your mother doesn't like to have me help her."  
Lucy looked tired. "I wish you and Mother got along better together," she said wearily.

Jessica had an opportunity to talk to Doris again the next evening. "I don't care what kind of work I do," Jessica said vehemently. "I'll wear overalls or scrub out offices, but I will not continue to be dependent upon Tom's mother."

She made a plan to meet Doris the next morning and try her luck at the employment office of the plant where Doris worked. She bathed and did up her hair and went to bed early. She was in high spirits. Tomorrow would be a new day. She must get to sleep and be bright and alert. Finally she dozed off, only to waken with an odd dizziness when she tried to lift her head from the pillow.

This was ridiculous. Cool morning air stirred the curtains and she decided to get up and sit by the window. The air would clear her silly head.  
She stood up, then sat down hastily, shaking all over.  
Her head felt light and her stomach queasy.  
Jessica forced herself to her feet, took two steps and knew nothing until she opened her eyes and was lying in her bed. It was broad daylight now. Her mother-in-law stood with her back toward her staring out of the window.

Jessica stirred. Mrs. Blake turned. Gray eyes met black eyes in a hard, long stare.  
Jessica said feebly, "What happened to me?"  
"You fainted dead away."  
"But I must get up." Now she remembered. This was the day she was to meet Doris.  
Mrs. Blake said harshly, "Lie still. This is no more than I expected would happen."  
"Happen?"  
"The woman's angular face tightened. "You should know what has happened. Unless I mist my guess, my girl, you're pregnant."

## UCT To Elect Local Man Grand Councilor

Peoria — Delegates to the state of supreme grand councilor convention of the United Commercial Travelers meeting at the Peoria hotel today will elect J. O. Cain, Jacksonville grain broker, to the post of supreme grand councilor during the past year.

J. O. CAIN

The state convention opened Thursday morning. Delegates from Jacksonville council, 182, are Mr. Cain, Dallas Schulz, Bert R. Bishop, Floyd E. Boston, Alvin Otto, W. Raymond Davis, L. R. Craig, Elmer Sample and Gus Berquist.

Mr. Cain is the district manager of the Illinois Grain Corporation. He has been active in UCT work since 1920 and has been secretary of the local council for the past five years.

The new councilor will succeed Carl A. Johnson of Streator.

## Fair Directors To Confer With State Official

Jack Ward, in charge of state aid to county fairs, is scheduled to visit Jacksonville next Tuesday, May 25, to inspect the Morgan county fair grounds, to make recommendations as to needed improvements, and to determine how far the state can go toward supporting a reorganized county fair, probably in 1949.

Mr. Ward will be at the Chamber of Commerce offices at 10 a. m. (Daylight Time). President Claude Gustine of the Morgan County Agricultural Fair Association has asked directors and committee chairmen to be present and join in the conference with Mr. Ward.

Plans pointing toward full scale revival of the Morgan county fair in 1949 moved forward this week when new officers and several new directors were elected at a meeting held in the Chamber of Commerce offices.

Mr. Gustine was again elected president. George Lukeman, Jr., vice president; Hugh Gibson, treasurer. Directors for three years are Robert A. Fay, Lee A. Sullivan, Robert M. Capps, Earl Hemmighaus and W. O. Randall. William Hudson was elected as director to fill the unexpired term of Robert Baskins.

In accepting the presidency for another year Mr. Gustine gave a resume of improvements that have already been completed and expressed hope that other needed improvements will move forward to rapid completion.

## Exchange Teacher Tells Rotary Club Of Greek Struggle

"The war between dictatorial communism and free democracy is being fought today on Greek soil," Miss Loula Papassession of Alexandria, Egypt, told members of the Rotary club Friday during their regular meeting.

The speaker, a teacher now studying at the University of Georgia on a Rotary exchange scholarship, pointed out that the fighting for control of her native land, Greece, was not prompted by desire to gain raw materials, but because of the strategic geographical location of the country.

Greece has always been a food importing nation, she stated, and the ravages of war have increased the amount of economic turmoil by upsetting the delicate balance maintained by pre-war income from tourists and the Greek merchant marine.

Miss Papassession stated that the war in Greece is not a civil war and that without the help of the Russians and their satellites, Yugoslavia, Bulgaria and Albania, the uprising would have been quelled long ago.

The speaker was introduced by Walter R. Bellard, program chairman for the day.

## Vets Readjustment Allowances Not Vacation Pay

Veterans' readjustment allowances (\$20 per week unemployment compensation) are not intended as summer vacation pay, William Tattersall, deputy-in-charge of the Jacksonville office of the Illinois Division of Unemployment Compensation, advised student veterans today.

"Student GI's who plan to play and 'take it easy' between school terms are not entitled to readjustment allowances," said Deputy Tattersall. "The law requires that all veterans who claim readjustment allowances be genuinely in the labor market, looking for work and able, ready and available to accept any suitable job offered."

"A veteran's intention to return to school this fall automatically limits his availability to temporary jobs. Therefore, almost any work which he is physically able to perform and which pays the rate of pay prevailing in the community for that type of work will usually be considered suitable temporary work."

Deputy Tattersall cautioned student veterans who are unable to obtain employment during school vacation to make certain that their subsequent allowance for school or training purposes has been discontinued before they apply for unemployment compensation. The GI Bill, he explained, provides severe penalties and forfeiture of all future readjustment allowances for the willful violation of its provisions.

In Illinois the State Division of Unemployment Compensation acts as agent for the U.S. Veterans Administration in the administration of the readjustment allowances provisions of the GI Bill.

## Miss Wanda Dobbs, Taylorville Man Engaged To Wed

The engagement and approaching marriage of Miss Wanda Dobbs to Dale Pearson, son of Mr. and Mrs. Elwood Pearson of Taylorville, was announced by Miss Dobbs' parents, Mr. and Mrs. W. S. Dobbs, at an informal tea held at the Dobbs home, 286 Sandusky street.

MISS WANDA DOBBS

The lace-covered tea table was centered with a large blue bonnet trimmed with yellow ribbons with a bee perched on the brim of the bonnet. By removing a small bonnet shaped nut cup, the bee was let out of the bonnet, thus revealing the forthcoming event which is to take place on Aug. 1. Lighted tapers in silver holders were also used in the decorative pattern.

Miss Carolyn Kirkwood and Mrs. Gladys Crawford poured. Gaylord Spots played soft music throughout the afternoon.

About 75 close friends of the couple attended. Mr. and Mrs. Elwood Pearson, their daughters Nancy and sons Marshall and Max were present from Taylorville.
